

**Wilbert De la Rosa**

**Comp.4630—Mobile App Development I—Fall 2021**

**Dr. Haim Levkowitz**

**Homework Assignment 0: Survey; submit by 8-sep-2021, 11:59pm**

Person ID	Problem	App found	Like it?	Improvements
Cousin	App to organize spending habits without connecting to bank accounts	Spending tracker	Don't like the UI design	UI, and make it more interactive
Friend	App to create a path with your finger to a map, give you the miles and create a running map	Not any app that does that exactly, there is one Under Armour but doesn't do that	Likes the app but wish to have that of creating a route	Implement something like that
Little brother	A brain games that track your progress every 3 weeks to see if you get more "intelligent"	Have tried Elevate	Likes but doesn't track that progress	Have more levels for free and see if I can get smartest
Mom	App to give you alerts of lower prices when you upload a product image and details	None that does that, the ones existing are for brands and not specific products	None	None
